

Luggage Tags

The image displays two identical luggage tag templates arranged side-by-side. Each tag is a vertical rectangle with rounded corners. At the top of each tag is a smaller rectangular box containing two horizontal lines for text entry. The first line is preceded by the word "Name:" and the second line by "Phone:". Below this information box is a semi-circular notch, and further down is a large, vertically oriented oval cutout designed to serve as a handle for the tag. The entire page is a simple line drawing with no colors or shading.
